MONETARY MATTERS IN NEW YORK
AND SAN FRANCISCO.

NEW YORK MONEY MARKET.

New York, September 18, 1879.

Money says at 4½; short at 4; sterling quiet and steady long, 48½-49½; short, 48½-49½.

Governments quiet.

Stocks held irregular.

Bonds were irregular, with a decline in some cases in morning dealings, notably East Tennessee and Georgia first to 96, the last previous transaction. The Texas first rose to 77, to 78½ seconds to 31. New Jersey Central consigned about 95½; do. converges to 92. Denver & Rio Grande firms to 95. Union Pacific first to 112½; and Northern Pacific to 111½.

The stock market was irregular, the early dealings of the rather slight market, due to the low-tonnage bond market, being quiet, the speculation being very great, and the transactions small, except for Delaware, Lackawanna & Western, New Jersey, and New York Central, which were active, little doing during the afternoon, and the final transactions were devoid of feature, the general market closing strong. Northwest was an exception, the market being very active, and advance in the general list compared with yesterday, ranged from 3½ to 15 per cent, the latter Northern Pacific.

These averages aggregated 177,300 shares of which 8,300 were Erie, 14,900 Lake shore, 17,000 Northern, 18,300 St. Paul, 7,800 Wabash, 19,600 Louisville & Nashville, 10,000 Michigan Central, 21,000 St. Joseph, 3,600 Iron Mountain, 20,300 Northern Pacific, 8,400 Kansas & Texas and 6,100 Indianapolis, Cincinnati and Lafayette.
